ALWAYS-ON™ ANTIVIRAL PROTECTION

Ever changing times call for unparalleled protocols.
Our 90-day surface protection services help create safe spaces so you can get back to business.

THE MOST EFFECTIVE WAY TO MAKE YOUR SPACES

SAFE AGAINST CORONAVIRUS

Powerhouse has collaborated with a disruptive biotechnology company, Allied BioScience, to offer an advanced surface protection, SurfaceWise2, that is *scientifically proven to continuously kill Coronavirus on surfaces for 90 days.*

POWERHOUSE®
PEOPLE • PROCESS • TECHNOLOGY

CONTAMINATION IS CONTINUOUS, YET CLEANING AND DISINFECTION IS MOMENTARY

ALWAYS-ON™ ANTIVIRAL COATING THAT KILLS CORONAVIRUS...CONTINUOUSLY

The first-ever antiviral solution scientifically proven to *kill and prevent the spread of Coronavirus for 90 days.*

- *Bioburden Spread*: Traditional cleaning is episodic and temporary; re-contamination begins rapidly.
- *Cross-Contamination*: Pathogens are unknowingly transferred from shared surfaces.
- *Non-Compliant Cleaning*: Traditional cleaning methods are prone to human error, decreasing efficacy.

SURFACEWISE™2

LONGEST LASTING FORMULA AVAILABLE
Eliminate the need for post-COVID cleaning protocols.

STRIKES AT THE ROOT CAUSE OF INFECTIONS AND ILLNESS
Proven performance against harder to kill pathogens.

RAPID DEPLOYMENT AND PROVEN FIELD RESULTS
Proven to decrease overall environmental bioburden. Rapid deployment to cover any size space.

CONTINUOUSLY ACTIVE ANTIMICROBIAL COATING
Proprietary antimicrobial formula continues to work for 90 days after a single application. Continues to be effective even after daily cleaning and disinfection, even against bleach.

SAFE, NON-TOXIC, NO VOCs
Proprietary formula is odorless and safe for people to touch immediately after use. Highly compatible for use on all surfaces - including electronics - will not damage or corrode.

PROTECTIVE SURFACE BARRIER
Eliminate cross-contamination and transmission on shared surfaces and equipment.

SIMPLIFIES COMPLIANT CLEANING
Delivery method enables total surface coverage - ensuring even application.
